

WELCOME TO 2050 REUNION

Reunion | Youth | Technology

2019 Migratory Bird Program Open Now!

2050 Reunion

2050 is not merely a number or a year on the calendar, but a conference of technological innovation which aims to gather people to a union of knowledge sharing and technology transfer.

2050 is operated as a non-government & non-profit project under Hangzhou Yunqi Science and Technology Innovation Foundation, and was initiated by multiple volunteer individuals and volunteer organizations.

From May 25 to 27, 2018, the first ground breaking 2050 Reunion was held in Yunqi, Hangzhou, China. Thousands of youths who love science and technology all over the world gathered together for three days.

Migratory Bird Program

2050 gives young people an opportunity to share their passions and carry out their dreams with others who share the same vision. Being a part of the 2050, The 2050 Migratory Bird Program awards youth, who needs a bit financial support, a unique experience to explore 2050. Migratory Bird will provide accommodation and flight for those youths around the world.

INVITATION

You are the unique young people we are waiting for!

Tech brings youth together.

Are you using the power of tech changing the world somewhere?

2050 is waiting for you to share your story to the world and to pursue the forefront of tech.

If you are a youth who has a strong sense of mission

If you are a youth who is obsessed with tech

If you want to expand your international perspective

And if you need help

We are waiting for you in the Migratory Bird Program.

Accommodated travel supports will be provided for you to take part in this technology party.

What happened in 2018?

34 young people from all over the world come to Hangzhou for the Migratory Bird Program Reunion in 2018. During Migratory Birds Program Reunion, Dr.Wang Jian gave a Speech to share the 2050 vision with all members. Everyone was given a chance to introduce themselves and what their technical project for changing the world .

Members also took part in Future X which contains various professional tech forums held by volunteers from all walks of life, such as mobile payment, aircraft and blockchain.

In addition, they participated in a series of activities including chasing the rising sun, football games and music party. Volunteers took them on a tour of Hangzhou.

Members shared their impression of the event on Internet. And we believe that they have gained more innovation power from this trip.

Enroll NOW !

Migratory Birds Program enrollment is open until **Jan.20,2019**.
